.....

Data were collected during the study's writing process, and this study was not sent to any other academic publication environment for evaluation. All authors contributed to the manuscript. Regardless of the acceptance or rejection of my candidate article, I have complied with the journal's open-access policy (<https://ijssp.org/index.php/ijssp/openaccess>) before the start of the evaluation. Even if my work is not accepted for publication in the journal due to blind peer review and editorial decisions, I do not request a refund of my payment (donation).
